Hiring Manager of Patria & Co.
PT. Strategi Transforma Infiniti
Jakarta

Dear Hiring Manager,

I am writing to express my interest in a part-time Data Analyst position at Patria & Co. Understanding the impactful work your company does in data science and machine learning, and knowing your team's reputation for innovative solutions, I am eager to explore how my background in data analytics can contribute to your projects.

During my tenure at Indonesian Financial Intelligence Unit (Pusat Pelaporan dan Analisis Transaksi Keuangan - PPATK), I significantly enhanced operational strategies by spearheading the evaluation of annual performances and conducting in-depth risk assessments related to money laundering across various levels. My role involved analyzing extensive data sets to identify trends and inefficiencies, developing predictive models that have directly supported strategic planning and decision-making processes. My technical skills are well-honed in utilizing advanced statistical programming tools in R and Python, essential for the sophisticated data analysis and problem-solving required at Patria & Co.

Patria & Co.'s interdisciplinary approach and its successful track record in transforming data into actionable insights resonate with my professional skills and goals. The focus on areas such as customer profiling, predictive maintenance, and renewable energy aligns perfectly with my experience and my enthusiasm for using data to drive innovation and strategic interventions.

I am particularly drawn to this role because of its part-time nature, which perfectly complements my ongoing Master's studies in Data Analytics at the University of Glasgow, where I am deepening my expertise in Big Data Analytics, Machine Learning, and Advanced Predictive Models. I am eager to bring my analytical acumen and my proactive learning mindset to Patria & Co., where I am confident that my background can contribute to delivering impactful solutions to your diverse client base.

Thank you for considering my application. I look forward to the possibility of discussing how my background, skills, and enthusiasms align with the goals of Patria & Co. I am enthusiastic about the opportunity to contribute to your team and am available at your earliest convenience for a discussion.

Yours sincerely,
Aulia Khoirunnisa
